# MEDICAID MEMO

**TO:** All Providers Participating in the Virginia Medical Assistance Programs

**FROM:** Cynthia B. Jones, Director  
Department of Medical Assistance Services (DMAS)

**MEMO:** Special

**DATE:** 9/29/2017

**SUBJECT:** Enhancements to Virginia Medicaid Direct Data Entry (DDE) for Claims Submissions, Effective October 28, 2017

In June of 2011, DMAS implemented a web-based Direct Data Entry (DDE) claims solution. It currently allows providers to submit Professional (CMS-1500), Institutional (UB-04) and Crossover claims directly to DMAS. Since implementation, providers have relied on DDE to submit over one million claims per year.

Effective October 28, 2017, DMAS will be implementing the following enhancements to the DDE system:

- Member Identification Number Validation;
- Validation for all Provider NPI's (Referring, Billing, Other 1, Other 2, Servicing); and
- Attachment Capabilities (ability to upload up to a 3MB file attachment) for all claim types.

**In order to implement these changes, the DDE system will be unavailable to enter all claim types starting on Friday evening October 27, 2017 at 9:00 PM until 12:00 AM. The new DDE system with enhanced features described above will be available after that for providers to resume submission of claims.**

We feel these enhancements will further benefit providers in submitting claims to Virginia Medicaid. An updated DDE User Guide, DDE tutorial and FAQs can be accessed from our web portal at [www.virginiamedicaid.dmas.virginia.gov](http://www.virginiamedicaid.dmas.virginia.gov).

Recorded training modules detailing these changes and correct procedures for submission can be found on the DMAS website. Go to <http://www.dmas.virginia.gov/>, and on the left hand menu select "Learning Network." Under "Training Opportunities," select the option to follow the link to recorded sessions. There will be two sessions listed under 2017 Adobe Connect Recordings entitled, "Enhancements to DDE for Professional Claims (CMS-1500)" and "Enhancements to DDE for Institutional Claims (UB-04)."

**MANAGED CARE PROGRAMS**

Most Medicaid individuals are enrolled in one of the Department's managed care programs: Medallion 3.0, Commonwealth Coordinated Care (CCC), Commonwealth Coordinated Care Plus (CCC Plus), and Program of All-Inclusive Care for the Elderly (PACE). The managed care plan/PACE provider may utilize different prior authorization, billing, and reimbursement guidelines than those described for Medicaid fee-for-service individuals. For more information, please contact the individual's managed care plan/PACE provider directly.

Contact information for managed care plans/PACE providers can be found on the DMAS website for each program as follows:

**PROVIDERS: NEW MEDICARE CARDS ARE COMING**

CMS is removing Social Security Numbers from Medicare cards to help fight identity theft and safeguard taxpayer dollars. In previous messages, CMS has stated that you must be ready by April 2018 for the change from the Social Security Number based Health Insurance Claim Number to the randomly generated Medicare Beneficiary Identifier (the new Medicare number). Up to now, CMS has referred to this work as the Social Security Number Removal Initiative (SSNRI). Moving forward, CMS will refer to this project as the New Medicare Card.

To help you find information quickly, CMS designed a new homepage linking you to the latest details, including how to [talk to your Medicare patients](#) about the new Medicare Card. Bookmark the [New Medicare Card](#) homepage and [Provider](#) webpage, and visit often, so you have the information you need to be ready by April 1.

Providers (which includes fee for service, Medicaid Managed Care Organizations, and Commonwealth Coordinated Care Plus) may share the following information with members:

**MEMBERS: NEW MEDICARE CARDS ARE COMING**

Medicare will mail new Medicare cards between April 2018 and April 2019. Your new card will have a new Medicare Number that's unique to you, instead of your Social Security Number. This will help to protect your identity.
